

## TOP 10 REASONS TO GO 1099

- 1. TAX BREAKS** Take advantage of the common self-employed tax deductions including home office costs, educational expenses, depreciation of property and equipment, auto expenses, business travel, cell phone costs, health insurance premiums, tax advice costs, and business insurance.
- 2. BE YOUR OWN BOSS** Work when you want and just as importantly don't work when you don't want. Like long weekends? Enjoy taking holidays off? Tired of fighting for the week of vacation you want? You are in control.
- 3. FLEXIBLE SCHEDULE** You can work 8s, 10s, 12s. Take call if you want or be tucked away in your own bed every night.
- 4. WORK/LIFE BALANCE** No more missing the big events in your family's life.
- 5. BENEFITS** Being 1099 doesn't mean you do not have access to great benefits anymore. Get the benefits that you want or need, and not the ones you don't want. Customizable benefits for you and your family are easily achieved, and cost deductible.
- 6. MAKE AND KEEP MORE MONEY** Since you set the schedule, you can make as much or as little as you want and you can keep more of it by taking advantage of the **TAX BREAKS** available to 1099s.
- 7. VARIETY IS THE SPICE OF LIFE** You can try out different clinical environments. Like hospital work in an ACT? Or independent practice in an ASC or office setting? We have what you are looking for.
- 8. START SMALL** Want to dip your toe in the water while you see what this 1099 life is all about? You can do that too. We know you'll come to love it.
- 9. PERMANENT ISN'T PERMANENT ANYMORE** That feeling of security is one of the biggest reasons that people stay W2, but going through a pandemic really highlighted how that security is an illusion as many W2 were laid off or furloughed or had pay cut.
- 10. FULFILLMENT** You don't need to suffer through the doldrums of an ever unchanging, monotonous existence in your current W2 position. Enjoy more variety in cases, practice environment, meeting new people, and avoiding the bad ones.
